

SIP

xCALLY Shuttle provides a dedicated SIP section to:

- view existing Asterisk SIP
- add [new ones](#)
- [edit parameters](#) available on Asterisk.

In this screenshot is shown the SIP section, with the list of the SIP already created and their main information, in particular the Type, SIP User or Web User.

Sip Configuration

Dashboard > Sip

+ New Sip

Copy CSV Excel PDF

Page 2 of 2 | View 10 records | Found total 15 records

	Internal #	Sip User	Description	Category	Action
<input type="checkbox"/>	1006	xcally.admin		sip	Edit Delete
<input type="checkbox"/>	1003	elton.john		sip	Edit Delete
<input type="checkbox"/>	1002	abigael.yifru		sip	Edit Delete
<input type="checkbox"/>	999	jane.miller		sip	Edit Delete
<input type="checkbox"/>	998	john.doe		sip	Edit Delete

Search Internal | Search Sip User | Search Descripti | Search Category

There are two actions that can be done quickly through the SIP table:

- View and [edit the parameters](#) specified in the creation of the SIP by clicking on Edit
- Delete the SIP clicking on Delete

It's also possible to copy the table to the clipboard or export it in CSV, Excel and PDF.
